

IDENTITY THEFT SCRIPT

Identity theft can happen to anyone, regardless of age, income, or credit score. An identity thief might steal your credit card number, your child's Social Security number, or even your medical insurance information. The best way to protect yourself is to monitor your accounts and bank statements, review your credit report regularly, and safeguard your personal information. If you discover that your identity has been stolen, there are important steps you can take to minimize the damage. To learn more, visit www.ftc.gov.
