

PROVIDING CULTURALLY COMPETENT SERVICES TO VICTIMS OF CRIME

OVC's Training and Technical Assistance Center (OVC TTAC) provides training to support professional development, enhance services to the community, and expand outreach to underserved victims of crime.

Participate in simulations/skits, interactive activities, independent self-assessments, and case studies to brainstorm and develop strategies to overcome barriers to serving victims from all cultures in your own workplace.

This interactive cultural competence training addresses cultural barriers such as stereotyping, value differences, communication styles, and language and interpreter bias, and how they impede effective service delivery to victims of crime from diverse populations. It is designed for victim advocates, law enforcement officers and administrators, prosecutors, and other professionals who work with victims of crime.

BY PARTICIPATING IN THIS 2.5-DAY TRAINING, YOU WILL:

- Recognize and overcome a variety of barriers to effective service delivery for victims from a diverse array of cultural backgrounds.
- Learn basic federal legal requirements concerning service delivery to persons with limited English proficiency.
- Identify specific skills, strategies, and resources required to effectively serve diverse crime victims.
- Reduce problems that can arise when using language interpreters.
- Give feedback to others who engage in culturally inappropriate speech and actions.
- Envision a culturally competent victim services program.

CEUs are available upon successful completion of the training.
