Strategic planning is vital to the health of every organization. This training is designed for current and potential program managers who want to learn and practice skills to help their organization plan strategically and effectively.

The training outlines the basic steps of strategic planning: getting your organization ready, determining where you want your organization to go, putting the plan into action, and communicating and marketing your plan.

BY PARTICIPATING IN THIS 2-DAY TRAINING, YOU WILL:

- Articulate the importance of strategic planning and describe the strategic planning process.
- Develop an effective strategic planning group.
- Determine where you want your organization to go.
- Identify strategies for collecting data about your organization's current status.
- Develop an individual action plan for applying the new information and skills to your organization.
- Identify possible sources of financial support for a strategic plan initiative.
- Discuss strategic plan marketing and why it is important.

CEUs are available upon successful completion of the training.
