Case Study: Jamie

Jamie and Ryan are both freshmen at a small liberal arts college. Ryan is on the soccer team. Ryan sexually assaulted Jamie 2 months into the semester. They live in nearby residential halls. They are in the same writing class on Tuesday and Thursday mornings. They also have a couple of classes in buildings next to each other, so she sees Ryan as she is coming to and from those classes. There is only one main dining hall on campus, one gym, and one library. Jamie sees Ryan several times a day, resulting in panic attacks. Jamie is also concerned when she sees other soccer players.
